

SPORTS LEADERSHIP STUDIES– LEVEL 2**12SLS****HOD – Mr Rhys Taucher**

Entry Criteria: Students must have attained a grade of Good (or better) in Level 1 PE Reports for effort and behaviour. Students must have achieved at least 8 credits in Level 1 Physical Education, OR at the discretion of the HOD PE, based on other Level 1 results.

AS No.	Descriptor	Level	Assessment	Credits
91330	Perform a physical activity to achievement level of the Physical Education Performance Standards for Level 2, in an applied setting (Snorkelling)	2	Internal	4
91332	Apply and explain appropriate leadership strategies that contribute to the effective functioning of a group (Volleyball and Aussie Rules)	2	Internal	4
91333	Analyse the application of risk management strategies to a challenging outdoor activity(Snorkelling at Goat Island)	2	Internal	3
91335	Explain the implementation and outcomes of a physical activity event or opportunity (Year 9 Dodgeball Tourney)	2	Internal	3
91336	Explain group processes in physical activity (Adventure Based Learning Games)	2	Internal	3

You will learn:

This course is designed to let you experience different aspects of the Leadership while earning credits. The theoretical content of the course is completed in as much of a practical context as possible. A large part of this course is self-directed learning; this means there will be a lot of time where you will be working individually, or in groups, towards a goal where the Teacher's role is to be there only to guide your progress. If you are not prepared to lead (teach your peers) then this course will not suit *you* and you should consider alternatives.

THIS COURSE IS CHALLENGING AND FUN! There will be things that are asked of you that will push your limits in many ways, but the rewards from pushing yourself are worth it. Life is about challenging yourself, being positive, and experiencing as many things as possible and this course offers you this.

Where does this course lead:

This course is a two-year course where Year 12 Sports Leadership is the first part followed by Year 13 Sports Leadership. The two-year course is designed to allow you to experience as many different aspects of Physical Activity and Sports Leadership as possible. Students who complete the course will be well equipped to enter work or tertiary courses in the Health and Leisure Industry (e.g., MIT, AUT).

Cost: The Sports Leadership course and day-trip will cost approximately \$85 per student.

SPORTS LEADERSHIP STUDIES – LEVEL 3**13SLS**

Entry Criteria: Achieved 14 credits in Level 2 Sports Science or PE (or a combination of two) OR at discretion of HOD PE, based on all other Level 2 results.

US/AS No.	Descriptor	Level	Assessment	Credits
US 22771	Role of the Coach – plan a beginner level coach session for sport participants	3	Internal	4
US 22768	Role of the Coach – conduct and review a beginner level coaching session	3	Internal	6
US 21414	Plan and run a recreation activity: event management	3	Internal	4
US 7021	Demonstrate exercise techniques	3	Internal	8
AS 91501	Demonstrate quality performance of a physical activity in an applied setting (Scuba)	3	Internal	4

You will learn: The course, in conjunction with M.I.T., will cover the above Unit Standards. (**NOTE:** *This Course is a combination of written and practical work*). This course is predominantly a Unit Standard based course designed to let you experience different aspects of the Sports and Leisure Industry while earning credits. The theoretical content of the course is completed in as much of a practical context as possible. A large part of this course is self-directed learning. This means there will be a lot of time where you will be working individually or in groups towards a goal where the Teacher's role is to be there only to guide your progress. If you cannot work independently then this course will not suit you and you should consider alternatives.

SCUBA: Students will do an 'Introduction to Scuba' course, run in the school pool and culminating in a dive trip to Goat Island Marine Reserve.

Where does this course lead: It is a course that provides an excellent opportunity to continue to train towards gainful employment in the sport and recreation industry (e.g., MIT, AUT). ***THIS COURSE IS NOT UNIVERSITY APPROVED.***

Cost: The Scuba-Diving course and day-trip will cost approximately \$120 per student.

Internally produced student course booklets \$10. Total Course costs are approximately \$130.
